

**Continental** 

**Continental's** highly resistant industrial hoses meet national and international standards. From food and beverage hoses, to water, mining and marine hoses, Continental's range can meet your individual needs.

**At Applied, some of our favourites are:**

**Variflex** (formerly known as *Wingfoot Red*) - a good-quality, economical general purpose hose for industrial air service, compressor lines, pneumatic tools, low-pressure spray and many other applications where the need for oil resistance is high.

**Frontier** (formerly known as *Horizon Black*) - an economical air and water hose for a wide range of industrial, construction and agricultural applications.

**Vintner Reserve** - is primarily for liquid transfer in wineries, breweries and for beverage production. For handling in-plant and/or tank truck transfer of wine, beer and other non-oily liquid foodstuffs.

**Extremeflex Beverage** - is primarily for liquid transfer. For beer, wine, distillery and beverage (edible liquid) transfer processing facilities. Ideal for applications requiring flexible and/or tight bend connections.

**Purple Snake** - primarily for liquid transfer and is the ideal hose for breweries, wine-presses, bottlers and many other installations in the brewing, beverage and spirits industry.

If you would like some more information or pricing on these products, our friendly team are here to help!
