Material Handling

Martin manufactures Conveyors in 11 plants, keeps stock in over 25 locations, and offers on-site engineering and technical support assistance. Martin can provide the full Material Handling package to meet your needs.

Martin Idler-Rollers are manufactured to exceed industry standards. Martin uses triple labyrinth seals and sealed-for-life ball bearings that allow for trouble-free operation in the harshest applications. Martin can provide the complete solution for your Belt Conveyor needs.

Idler-Rollers

From Industrial Hand Tools to Forgings, Sintered Metals to CNC Cutting, Martin has quality solutions for your industrial needs. All Martin Tools are made in the U.S.A. with the highest quality materials and engineering. Martin Tools deliver the performance and value professionals demand.

Industrial Hand Tools

Superior Field Support

We have field professionals near you who understand our products, processes and services. They are available to help better match our offerings with your specific needs.

After-Hour Emergencies

Each of our locations have people on call for stock, altered and Made-to-Order products 24 hours a day, 7 days a week, 365 days a year.

Point-of-Sale Service

We build our inventories, services and capabilities to meet the market demands of each area our manufacturing locations serve.

Complete Manufacturer

We manufacture what we sell, which means we control the quality, inventory levels, deliveries and the cost of our products.

Customer Service

When you call Martin a real person will answer your call every time.

Inventory

We maintain large inventories to ensure superior service to all customers.

Made-To-Order

Martin has the capability to respond quickly and efficiently to made-to-order requirements for special parts with state-of-the-art technology in **days not weeks.**

- Sintered Metal
- Injection Molding
- Forgings
- Castings
- Milled Plastics

About Martin

Martin is a leading supplier of Power Transmission Components, Material Handling Systems and Industrial Hand Tools. A trusted authority in the marketplace, Martin leverages a deep knowledge of Power Transmission and Material Handling applications to provide reliable cost-saving solutions to our industrial customers.

Operating from more than 30 locations worldwide, Martin carries the vast inventories of a global company while consistently delivering exceptional local service and support.

Known for meeting tight deadlines and solving unique manufacturing challenges, Martin keeps the industrial world moving efficiently.

From Humble Beginnings to Unmatched Quality Inventory & Service

Martin was founded in 1951 based on the vision of Joe Martin Sr. with a simple philosophy, "Make quality products, have plenty of them available, and make it easy for customers to do business."

Today, each Martin facility stocks an extensive inventory of the Martin product lines and has the ability to manufacture or custom alter parts for emergency situations. Local service and on-site field service ensure that customers maximize uptime and efficiency.

After more than 70 years of adapting with growing industries, Martin's continued focus on Quality, Inventory, and Service make Martin the one you rely on.
