CORROSIONX®

KILLS RUST ON CONTACT...AND SO MUCH MORE

CORROSIONX

- Prevents and stops corrosion, as well as displaces moisture, salt crystals, and other corrosion-causing electrolytes.
- Lubricates under heavy loads and high temperatures.
- Penetrates faster & further than other products through rust and corrosion.
- Frees parts, bearings and valves that are seized.
- Creates a self-healing, dielectric film.
- Electronically safe. Will not short sensitive circuits or interfere with electrical connections.
- Cleans contact points and improves connectivity.
- Prevents and eliminates battery terminal corrosion.

SPECIFIC APPLICATIONS

MACHINE/PART APPLIED:	CAN USED AS:
Throttle Linkage/Cables	Corrosion Inhibitor, Lubricant
Frozen Couplers	Penetrant
Attachment Pins	Penetrant
Rollers	Lubricant
Bushings	Lubricant
Ramp Bars on Trailers	Lubricant
Cables	Corrosion Inhibitor, Lubricant
Pulleys	Corrosion Inhibitor, Lubricant
Trencher Chains	Corrosion Inhibitor, Lubricant
Hood Hinges	Corrosion Inhibitor
Key Switches	Corrosion Inhibitor
Battery Terminals	Corrosion Inhibitor
Wear Pads	Lubricant
Fittings/Hoses	Lubricant
Pumps	Corrosion Inhibitor
Chains, Groove	Lubricant
Transmission, Clutch	Corrosion Inhibitor
PTO Cable	Lubricant, Corrosion Inhibitor
Starters, Alternators	Lubricant, Corrosion Inhibitor

CORROSIONX HEAVY DUTY

- High performance, thick-film version of CorrosionX provides long-term protection against rust.
- Was developed specifically to provide maximum protection against moisture intrusion and resulting rust and corrosion.
- Will slowly penetrate existing rust and corrosion, remove moisture and stop electrolysis, while sealing out moisture.
- CorrosionX Heavy Duty forms a dripless, dynamic, non-hardening, self-healing film that stubbornly resists erosion by splash or spray, including the complete submersion in saltwater.
- Unlike wax-based coatings, it will not dry out, stiffen, or crack under stress.
